

National DME Miscellaneous and Corresponding Local W Codes

Providers must submit both the national DME miscellaneous and corresponding local W codes on claims based on the chart below. Local codes should be noted in the service description as they will fail National Uniform Billing Committee service validations if used as the principal service. If the specified local W codes are not on the claim, the claim(s) will be denied.

National	Description	Local	Local description
E1399	DME, miscellaneous	W4001	CO2 saturation monitor with accessories, probes
